## BE NO TROUBLE IN THE FAMILY OF DR. THOMAS

IN WHICH WEALTHY PHYSICIAN  
WAS THE VICTIM IN NEW  
YORK CITY.

### MADE EXPLANATION TO WIFE

And She is Satisfied That Her Husband  
Was Innocent of Any  
Wrong Intention.

New York, July 9.—There will be no domestic complications in Dr. Julian P. Thomas' family it is said today, from the fact that Dr. Thomas was wrecked and seriously injured Sunday night while autoing with two pretty girls while his wife was away at an Atlantic coast summer resort. Mrs. Thomas reached her husband's bedside late yesterday afternoon, left him last night only on assurance by physicians that he would be better for complete rest, and was with him again early today. Mrs. Thomas' delay in returning to New York following an announcement of the doctor's injuries in connection with the mystery which veiled the circumstances of his meeting with Misses Frances Haas and Alvina Weissman, aroused much curiosity concerning the nature of the explanations the injured man would make. To inquiries as to the likelihood of trouble in the Thomas family the wife replied last night that it was too early to think of anything of the kind—that she knew no more than that the doctors' condition was critical and that it would be time to think of other matters when he had recovered. She refused to talk at all today, but from persons intimately acquainted with the family, it is understood that Dr. Thomas' explanations have proved satisfactory to his wife. The doctor adheres to his story that Misses Haas and Weissman addressed him while he was making minor repairs to his auto suggested that they would like to ride with him, and that he undertook to take them home, meeting with the accident on the way.

Dr. Thomas is reported as steadily gaining strength today, though there is little hope that he will ever be more than a cripple. Miss Weissman is doing well. Miss Haas, whose leg was amputated yesterday, still is in a critical condition.

## ENGINEER UNCONSCIOUS LEANED FROM A CAB AND CAUSED A WRECK

Mobile, July 9.—An engineer is said to have been knocked unconscious when he leaned from his window, and is alleged to have caused a wreck between two Mobile and Ohio trains near Whistler, Ala., Tuesday. The fireman was fatally injured, and four were seriously hurt.

Paris, July 9.—The report current in military circles that Major Alfred Dreyfus, the former captain of artillery, who was sentenced on a charge of treason to imprisonment on Devil's Island, was to retire accepting a pension, has been confirmed. The reason for this retirement is the ill health of Dreyfus. He is now on leave in the country pending a settlement of the arrangements to get him a pension, and it is not likely that he will resume military duties.

## FINISH INVESTIGATION

Washington, July 9.—The Interstate Commerce Commission has completed its report in the Harriman case, and a copy of it may now be in the hands of the president. Special Counsel Kellogg, who had charge of the investigation of the Harriman railway operations, left quietly last night for Oyster Bay. It is believed his mission is to lay the report before the president and receive suggestions.

## NATIONAL GUARD

May Contribute Its Services and Pay  
Its Own Expenses to Canton,  
September 30.

Columbus, July 9.—Since the state emergency board had decided to allow only \$10,000, which will not more than pay the expenses of two regiments, it is quite probable that members of the Ohio National Guard will contribute their services and pay their own expenses, in order to be at the dedication of the McKinley memorial at Canton, September 30. Prominent officers Tuesday said that the matter would be put up to the various commands.

## WILL USE THE METHOD OF INJUNCTION TO RESTRAIN ILLEGAL COMBINATIONS

Washington, July 9.—Hereafter injunctions to restrain illegal combinations will be enough for the government. Wherever conditions permit, it is proposed to request the court to appoint a receiver to operate the business of a convicted corporation, squeeze out the water and sell the plants so as to revive competition. Attorney General Bonaparte proposes that an injunction be issued for the dissolution of an illegal combination; that contracts or agreements in restraint of trade be abrogated; that receivers be appointed to sell the plants of combinations found guilty of violation of the anti-trust laws. That a criminal sentence be imposed as provided by the anti-trust law. The tobacco and powder trusts are to be attacked first. It is said the Standard Oil company can never be reached by the receiver method.

## TWO IMPORTANT DECISIONS REACHED BY THE NAVY DEPARTMENT TODAY

WASHINGTON, July 9.—Two important decisions were reached by the Navy Department concerning dispatch of the Atlantic fleet to the Pacific. Only the newest and most modern ships will be sent, and the average age of the captains of the ships will be reduced from three to five years. This means that when the fleet starts out on its remarkable voyage, it will be the most modern, and most formidable fleet of warships, for its size, sailing together. The battleships Iowa, Indiana and Ohio will be kept in reserve.

## AMERICAN GIRL WANTS A DIVORCE

Edinburg, Scotland, July 9.—The Earl of Rosslyn has been sued for a divorce by his American wife. The Rosslyn's met on the stage. The Earl was once an officer in the English force which relieved Ladysmith, but was driven by poverty to the stage. The Countess was Anna Robinson, daughter of George Robinson, of Minneapolis. She was an actress and an artist's model.

## DUKE IS MAKING A SECRET VISIT

Philadelphia, July 9.—Cupid is believed to be the guiding agent which has led the Duke D'Abuzzi, of Italy, an admiral in the Italian navy and a relative of King Victor Emmanuel, to pay a secret visit to this city. A man declared to be the Duke, although he denies his identity, is at the Bellevue Stratford and the greatest interest is manifested in the secret visit. When the Duke was here recently he was royally entertained by the fashionable set. He is said to have been so captivated by one of Philadelphia's debutantes that his visit is now to renew his acquaintance with her. A relative of Mrs. Alex. Van Rensselaer is reported to be the charmer.

## Patrolism of Naval Men.

Washington, July 9.—Admiral Brownson, chief of the bureau of navigation of the navy department, said he was satisfied that the Japanese admiral, Sakamoto, who is reported in the Hochi, a Japanese anti-governmental paper, to have questioned the patriotism of American naval crews and the ability of the American naval officers, has been misquoted. Said Admiral Brownson: "While spurred on by a spirit of unrest or homesickness, sailors have sometimes left the American navy. They have always done so in time of peace. There is no record of a bluejacket deserting in time of war."

## BANK THIEF CHESTER B. RUNYAN AND MRS. CARTER, WOMAN IN CASE

CHESTER B. RUNYAN.

Here is a picture of Chester B. Runyan, the New York bank clerk who stole \$96,000 recently, and Mrs. Laura Carter, the "Tenderloin Belle," in whose apartment Runyan was arrested. These photographs are snap shots taken in court when they were "tried" to plead. The remarkable thing regarding the "woman in the case" is that from all things that have come to light Runyan did not know the woman until two weeks or so before his stealing the

## THREE DROWN ON THE HUDSON

New York, July 9.—Capsized in the middle of the Hudson river, three members of the crew of the H. Clay Pierce and the steam yacht Yacoma, are missing and are undoubtedly drowned. The men had been on shore leave and returning the small boat was overturned by a passing vessel. Four men on board were saved.

## PANIC ABOARD SHIP.

Hudson, N. Y., July 9.—Hurled from their berths by the sudden stranding of the People's liner, C. W. Morse on a bar, 450 frightened passengers started a panic early today, which officers had hard work to check. The vessel was finally pulled off the bar and the passengers landed.

## SOLDIERS' PAY DAY.

Columbus, July 9.—Officers and men at the barracks are looking forward just now to the arrival of the department paymaster who is due to come through Columbus some day this week.

July is the first month of the fiscal year and the straightening out of last year's accounts is expected to delay the pay wagon for several days. The paymaster, who will distribute about \$5500 at the local post, will come to Columbus from Ft. Thomas, Ky.

## TRACES OF ARSENIC FOUND IN STOMACH WIFE ARRESTED

Lima, July 9.—"My God, I am innocent, innocent, innocent," exclaimed Mrs. Ina L. Speer, the alleged husband poisoner in her cell today. She had just been told that the state chemist, Baker, had informed Coronet Steiner that he had found traces of arsenic in the stomach of David E. Speer, the dead contractor.

MRS. CHESTER CARTER.

dress suit case of money. This woman met on the street in front of a Tenderloin resort. This fact is a great surprise to his friends and relatives, for he had never had "Tenderloin" tendencies. The woman betrayed him to the police. He says she has \$25,000 of the missing money, which she denies. She says she had \$5,000 but that she returned it to "George," the name she knew him by when she learned that he was the missing bank cashier.

## DESCENDANTS OF PRESIDENT WHO TOOK PART IN THE REUNION AT JAMESTOWN.

Norfolk, Va., July 9.—Thirty thousand visitors were at the Jamestown Exposition grounds, drawn there by the exercises in celebration of July 4, which included speeches by Governor Hughes, of New York; Dr. Woodrow Wilson, of Princeton university, and several other interesting features.

With the largest attendance since the opening day, the firing of the national salute by American and foreign war ships in Hampton Roads, the parade of 3,000 National Guards from New York, Kentucky, West Virginia and South Carolina, addresses of political significance and the first reunion of the descendants of the signers of the Declaration of Independence Independence Day was celebrated.

Reading of the Declaration of Independence by Hollins N. Randolph of Atlanta, a direct descendant of Thomas Jefferson, was also another feature of the day.

Mr. Randolph is the great-great-grandson of Thomas Jefferson, being the youngest son of W. L. Randolph, the oldest son of Margaret Smith Randolph, the eldest child of Thomas Jefferson Randolph, the eldest son of Martha Jefferson, who was the eldest daughter of Thomas Jefferson. Mr. Randolph is a native of Virginia, having been born in Albemarle county, February 23, 1872.

## LOEB MAY OFFER HIS RESIGNATION

Washington, July 9.—It is understood Monday night that William Loeb Jr., will quit his service as the secretary to the President and will become president of the Washington Street Railway system probably Tuesday.

This news caused some surprise in official circles for it has been expected that Mr. Loeb would remain in the President's employ until January 1. The report of his immediate resignation comes upon excellent authority and it is stated that unless wholly unexpected complications arise he will have become a full fledged corporation manager before the end of the week.

## "WORLD PEACE" THE RALLYING CRY

Los Angeles, Cal., July 9.—"World peace" was the rallying cry at the opening session of the fifth annual convention of the National Educational association, which convened in Los Angeles. The 4,000 delegates listened intently to the address of the president, Nathan C. Schaeffer, on the subject of "How Can the Schools Aid in the Peace Movement?" and applauded vigorously his strong denunciation of war. At its conclusion the convention received and referred to the committee on resolutions a strongly worded resolution favoring international arbitration, disarmament and other international reforms.

## KNIGHTS TEMPLAR IN CONVENTION AT SARATOGA

Saratoga, N. Y., July 9.—With 15,000 knights and many thousands of visitors who do not belong to the order here, Saratoga is in gala attire preparatory to the opening of the thirtieth triennial convocation of the grand encampment, Knights Templars. Today the great event of the week takes place, the Templar parade, in which fully 15,000 sir knights will take part. There will be 50 bands. The parade will be reviewed by Governor Hughes and staff, the Earl of Easton of England, the person representative of King Edward, and Master G. M. Moulton of Chicago.

## MANY STRIKES TO BE REPORTED

By the Secretary of the Metal Trades Association at the Boston Meeting of Committee.

Cincinnati, July 9.—Robert Wuest, secretary of the National Metal Trades Association, left today for Boston to attend a meeting of the executive committee. It is expected that this meeting will take action to secure a successor to W. P. Eagan, commissioner, who died recently, and Mr. Wuest will probably be selected to succeed him.

Secretary Wuest will deliver a lengthy report, which says that the

## PRESIDENT MOYER WILL TAKE THE STAND TO REFUTE HARRY ORCHARD'S TESTIMONY

BOISE, IDAHO, July 9.—Depositions attacking Harry Orchard's story that he planted a bomb for F. W. Bradley, a former mining owner, in an attempt to carry out a commission from the leaders of the Western Federation of Miners, in an attempt to blow up his San Francisco flat, are again being read in the Haywood case today. The reading of the depositions is expected to take all the rest of the day. Haywood or President Moyer, of the Miners' Federation, will probably take the stand tomorrow.

association has combatted 83 strikes, and that satisfactory results were achieved for the association in every one. The report, in part, continues:

"In view of the fact that practically all of the strikes called in the shops of our members have failed in their purpose, and in view of the further fact that these strikes were called, in all probability, for the sole purpose of impressing the rank and file of workmen with the supposed power of union labor organization, the failure of these strikes should convince the duped followers of the foolish leaders of the absurdity of calling unjust strikes."

"It is, however, a hopeful sign that the failure of each strike opens the eyes of a large number of workmen to the folly of belonging to an organization which is antagonistic to the mutual interests of employer and employee."

"That a large body of men, many of them disposed to be fair, and, presumably at least, preferring steady work at good, fair wages, to idleness, should consent to yield to imperative commands of irresponsible leaders, seems the height of absurdity. Yet the situation, as demonstrated by the number of strikes the association has combatted within the past 20 days, forces the admission that we are confronted by positive conditions and not by college-bred theories."

The report contains a detailed statement of the various strikes, naming the concerns involved, cause of the trouble etc.

## SERIOUS Again Grows the Situation in the South of France.

Paris, July 9.—Dispatches from the south of France report that the situation there is again growing serious. The dissatisfaction with the new wine fraud law and the supplementary measure now under consideration by parliament, together with the arrest of 36 persons suspected of complicity in the burning of the prefecture at Narbonne, have rekindled the people. The mayors and other municipal officers are holding meetings and have decided to again resist their office unless the arrested persons are released, the troops withdrawn and the wine fraud bill modified. General Bailloud, commander of the Sixth army corps, has issued instructions to preserve order, and all the troops in the disturbed region have been confined to barracks.

## EARL SENTENCED TO MEET DEATH

Saney, O., July 9.—Judge McLean, for the second time, over ruled a motion for a new trial in the case of Frank Earl, convicted of murder and sentenced him to be electrocuted in the Ohio penitentiary November 29. The case will be appealed to the circuit court.

## SCATHING WORDS USED BY COURT IN SCHMITZ CASE

JUDGE DUNNE SCORED MAYOR  
IN DELIVERING HIS  
SENTENCE.

## STANDS MORALLY NAKED

Says the Jurist Before People Who  
Honored and Trusted Him—  
Schmitz' Statement.

San Francisco, July 9.—Judge Dunne severely scored Mayor Eugene Schmitz when the latter appeared in court to receive sentence. The mayor was convicted of extorting money from French restaurant keepers, and he will serve five years in the penitentiary for the offense.

Mayor Schmitz vigorously protested against the words Judge Dunne used in pronouncing sentence and created a painful scene in court.

A judge Dunne among other things said: "It is the duty of the court in such cases to view the conduct of a convicted felon with patience and tolerance, not to say pity. By your conviction you will lose the respect and esteem of all good men and citizens. You will suffer the humiliation of knowing, I say, that your career of hypocrisy, duplicity and dishonesty has been exposed, and that you stand before those who believed in and honored you morally naked, shamed and disgraced."

Judge Dunne continued for one week the four extortion cases on which Mayor Schmitz has not yet been tried.

Immediately after resuming his seat at the counsel table Schmitz dictated the following statement: "The court wherein I received my sentence for the charge of extortion again demonstrated more clearly than anything else that it has heretofore done, a charge I made upon my immediate return from the east, that Judge Dunne was prejudiced against me. It was impossible to secure in his court a fair trial. I have never asked for mercy, and before a court where I did not receive a fair trial I certainly did not expect it. I intend not only to fight this case step by step, but all the charges that have been brought against me, and with the knowledge in my own conscience of my entire innocence, I expect to be successful in the contest."

"I now repeat what I have stated already, that I will be a candidate for mayor of the city and county of San Francisco this fall, when the people of San Francisco will have an opportunity by their votes of demonstrating whether they believe me guilty or innocent. The people are always right. I am satisfied to leave my case with them."

## WARSHIPS TO BE AT PUT-IN-BAY

Washington, July 9.—Representative Burton of Ohio consulted with Acting Secretary Newberry of the navy regarding the dispatch of war vessels to Put-In-Bay, where a monument is to be dedicated on Aug. 5. Those interested are very anxious that Mr. Newberry will direct the gunboat Wolverine, now on special recruiting service on the Great Lakes, to be sent there on the date named.

## PERMANENT COURT IS THE PROPOSITION

The Hague, July 9.—A score of new propositions were introduced for the consideration of the conference, and almost every country represented, including Haiti, had one. Many of them, however, can be grouped together, and this will shorten the work of the conference, which is expected to come to a close the end of August. One of the most important proposals made was that brought forward by the American delegation regarding the permanent court of arbitration at The Hague. This outlines the organization and procedure of the court on a basis resembling that of the supreme court of the United States.

## DROPPED DEAD.

Columbus, July 9.—Edward L. Nelson, aged 42, of 672 East Livingston avenue, fell dead shortly after 7 o'clock last evening, while cutting the grass on the lawn at his home. Acting Coroner Chase found that the man's death was due to heart trouble.

Following a drunken carousal, more than 50 Syrians and Turks engaged in a riot among themselves at Michigan City, Ind. Half dozen were wounded.

**D. D. D.**

**Prescription.**

Marion, O. June 1, 1902.

D. D. D. Co., Chicago, Ill.

Gentlemen—I am so grateful for having found a cure in your D. D. D. Remedy, that I feel it my duty to write you about my case so that you can tell other sufferers about it, for I know it will do the same for them that it did for me.

My occupation as gardener keeps me exposed to the weather a great deal and consequently any skin disease would effect me a great deal. For twenty-two years I have been in torture from a severe case of eczema and often I have had to stop my work in the garden and go in out of the sun, for it seems when I got heated the eczema flared and burned me as though I were being scalded. I decided to give it a trial at last. I suffered no longer. For D. D. D. gave me relief at once and I was glad to keep on using it.

It seems impossible that a cure of so many years standing should be cured in three months, but I vouch that it did in my case. I cannot praise or recommend it too highly.

Yours respectfully,  
AUGUST C. EHRHARDT.

If you are suffering the tortures of the damned don't hesitate, but get TODAY, NOW, to your druggist and invest \$1.00. It will not be an expenditure, but an investment in happiness.

**REMARKABLE**

**Bloodless Operation Saved the Life of a Little Boy Who Had Swallowed a Pebble.**

St. Louis, July 9—Howard Norman Gentry, aged three years, whose parents reside near Big Springs, Montgomery county, near death five times, passing into an apparently lifeless state, was saved by a remarkable bloodless operation performed here.

The periods in which the child's life seemed to lapse were of from five to twenty minutes' duration, and recurred just so often as a pebble, which he had swallowed, was thrown in a position to cut off his breath. The stone weighed 25 grains and is the size of an ordinary marble.

T. O. Gentry, the boy's father, is a member of one of the oldest families in Missouri, and after whom the county of Gentry was named.

"Norman," said the father, "was playing in a sand pile in the rear of the house 15 days ago, when he accidentally swallowed the stone. After severe coughing he was laid out as if dead, but another spell brought symptoms of life. He was in this condition several times. During the time when he could breathe freely the stone was in the left bronchial tube, thus allowing air to pass into one of the lungs at least and sustain life. But when a spell threw it into the windpipe breathing was completely shut off."

The father twice restored life by breathing into the boy's mouth. Norman was apparently dead last night. Life was kept in the little body by spraying oxygen. An air pump was used to inflate the lungs, a long rubber tube being held in the windpipe. The little chest was swelled almost to the bursting point, when a surgeon quickly removed the tube, intending to reverse the air and draw out the stone. That was never done, however, for in the rush of air the pebble was forced from its position and out through the mouth.

**SENSATIONAL**

**Was the Testimony of a Woman and Boy in the Bilik Murder Case in Chicago.**

Chicago, July 9—Mrs. Mary Fenci, for 20 years the close personal friend of the Vrzal family, yesterday caused a sensation in Judge Barnes' court room by swearing that Mary Vrzal one of the alleged victims of Herman Bilik, while too weak and ill to speak, used her eyes virtually to accuse the fortune teller and hypnotist of her murder.

"Mary gave me such an awful look as she lay dying, and there seemed to be an accusation in her eyes," the woman said.

The startling testimony of the woman, together with that of Jerre Vrzal, 17 years old, son of Martin Vrzal, in which he declared that Bilik once told his father and mother that he could kill people without even the physicians knowing it, caused the two greatest sensations that have yet been witnessed in this extraordinary case.

The prisoner was affected for the first time Bilik became greatly excited as the boy told of the conversation he overheard. The spectators thought he would leap from his chair and confront the lad with these dark, searching eyes that are said to have the power to hypnotize.

"Bilik said he could kill people so no one would know how he did it," said the boy. "He told this story to my parents and added that 'no doctor could tell how I do this.'"

The boy was then questioned at great length and told how he had seen Bilik place mysterious drugs in his parents' coffee, and gave a great deal of other damaging evidence under duress which the prisoner became much excited and was with difficulty restrained from making a scene.

**"THAT LINE IS BEST."**

It is easier for an operator to establish a connection that reply "Line busy." Recollection of this simple fact may perhaps smooth out the asperities of a state of mind evoked by a hasty conclusion that the operator simply is shirking. Follow a call in the main exchange, for example. You ask for a certain number. Immediately the operator informs you the line is busy. How does she know? Simply by a little auditory click in the receiver when she tries to "plug in" on the line asked for. She cannot tell you who is talking on the line, how long it has been in use or how long it is likely to be "busy."

All the information she possesses is a click, but it is sufficient to advise her that some one of the other operators in the exchange had a prior call from or to that number. Had the line been clear the effort to complete the connection would have been no greater than that required to get the click; hence the task of informing a caller that the line is busy is just so much extra labor—in fact, it involves a double burden, as the subscriber will usually repeat the call until he is able to transact his business. Obviously, therefore, the desire of the operator is to establish the connection when it is first called for. She has no motive in doing otherwise.

Gold may be beaten until one ounce is spread over 146 square feet.

**Help! Help! Help!**

Nothing very serious the matter—don't get excited—but your HELP is needed.

Every man, every woman and every child can HELP. This town needs your HELP.

It is a good town, but every good citizen wants to see it become a better town. But unless the good citizens stand by the town, lend a hand, put a shoulder to the wheel or get in front and pull, without balking, there won't be any noticeable progress.

Towns are not Top-sies. No town "just grows." It's the people in a town and around it who make it grow by feeding it the right sort of diet.

A pig in a poke won't get fat. Nor will a town with its light hidden under a bushel attract attention from outside.

Unless you throw corn into a lean shoat the animal never will become a fat porker. It is just as necessary to feed a town and community with fresh material from the outside world.

It is up to you and each of us to get out and forage for the town. Speak a good word for it. Write a good letter for it. To you the place where you live is the most important place in the world. It is the best place in the world. It is the center of the world. The universe revolves around it.

This being so—and you can't deny it—why not HELP advertise the center of the universe? Why not tell your friends and acquaintances elsewhere what they are missing by living away from the real center?

Talk has built up many a town—every town, in fact. Talk can build up this town. You can't talk too much if you talk right.

**AT IDLEWILDE CASINO.**

The Barlow Minstrels played to a large audience at Idlewilde Casino last night and is certainly the best company of summer minstrels ever seen at the Casino. The music is very pleasing as it is away above the average and the pieces are the very latest published. The Penderson Bros., European link experts, appeared in last night's performance and this team is by far one of the best acrobatic and athletic teams ever seen in Newark. It is one of the highest priced acts of its kind carried by any minstrel show. If you want to have a good, refreshing laugh and enjoy a cool evening, go out to Idlewilde Casino and see the Great Barlow Minstrels. Prices 10, 20 and 30 cents.

**WAITING FOR THURSDAY**

Local followers of the New York stock market are generally waiting until next Thursday to get back in the game or to make predictions on its future course. Thursday will be a red letter day in financial circles and if the market moves upward after that date, old timers will begin to believe there is a bull movement coming.

Thursday the first payments on the \$75,000,000 of Union Pacific convertibles, "dictionary bonds," as Wall street has nicknamed them, are due as are the payments on the \$26,000,000 of five per cent Atchison convertibles. The same day the national banks must return \$30,000,000 of government deposits to the treasury and the government crop report is due Thursday. If this combination does not stagger the market, the speculators will believe in the

permanency of the present movement.

**LONG AIRSHIP FLIGHT.**

Toledo, July 9—Roy Knabenshue, the famous Toledo aeronaut, says he will within a week, sail his new airship from Toledo to Cleveland, 113 miles and carry three passengers. If Knabenshue succeeds, it will be the longest airship trip ever taken, and go far to prove the usefulness of airships for passenger transportation.

**GILLETTE RECOGNIZES THIS ACTRESS' WORTH**

New York, July 8—William Gillette has recently demonstrated that stars are not envious of other actors in the cast, as is said to be the case with many whose names shine in big type. But that is only what one might expect of a broad minded individual of Gillette's type. In the production of "Clarence" last year in London and New York the most distinctive success of the production was undoubtedly that of Lucille La Verne as Clancy, the negro "mammy". As Mr. Gillette is to have a new play next season, he

**LUCILLE LAVERNE.**  
With "CLARENCE" and "CLARENCE."

showed his recognition of Miss La Verne's worth and his personal esteem by giving her the rights to "Clarence" for a stellar venture in her original role of Clancy. As the play requires a very small cast—only six people—and Miss La Verne is a character actress of ability, her venture should be a very successful one. Her personal appearance as Clancy was particularly noteworthy, and it took her between two and three hours each performance to don her makeup.

**CHECK PASSED**

By Yale Student Was Worthless, and He Was Sent to Prison Under Assumed Name.

Kansas City, July 9—Robert Woolsey Hume, a graduate of Yale, class of 1907, pleaded guilty in the Wyandotte county (Kansas) District court yesterday of passing a worthless check for \$60, and was sentenced by Judge McCabe Moore to an indeterminate term of from one to five years in Kansas State penitentiary. Hume was allowed to plead guilty under the name of Robert Woolsey in order that the records will not show that a member of an old New England family has been sent to the penitentiary.

He is 22 years old, and was born in India. His father, who is a missionary, is living in New Haven, Conn.

**"ALL IN"**

Was Curt and When the Train Hit Him He Continued to Slumber Sweetly.

Lexington, Ky., July 9.—Curt Sample, aged 24 years, was sleeping so soundly on the Louisville and Nashville railroad tracks near Benson Monday that the east-bound passenger train could not wake him, although it struck him while traveling at the rate of 25 miles an hour.

He was picked up and carried to Frankfort, where a hasty examination of his injuries disclosed that he was but slightly hurt. His shoulder was bruised, but no bones were broken. He awoke as the train approached Frankfort.

The only explanation for his miraculous escape from death is that he was drunk.

**DISBAND GYPSY CAMP**

Word was received at the Y. M. C. A. building this morning that the Gypsy Camp in Coshocton county was disbanded Monday morning and the start made for Newark at six o'clock. Physical Director Ludwig advises the local officials that the Newark delegation will arrive in the city tonight or early Wednesday morning.

The message also states that members of the Newark band won their share of the athletic honors in the various contests. Every member of the band was conferred with the degree of the "Yellow Rag" meaning that they walked the entire distance from Newark to the scene of the camp.

The junior members of the Association are preparing for their camp, which will open next Monday. Further particulars of this camp will be given later.

The Senate of Rome has passed a bill making the centenary of the birth of Garibaldi (July 4) a national holiday.

In Russia the postoffice is part of the military system, and the postman, therefore, is under discipline as strict as army rules.

The railroads of this country are said to use \$4,000,000 ties per annum.

Painful Accident.

Walter Watson, the 12 year old son of William Watson, residing in the North End, had the misfortune to meet with a very painful accident Tuesday morning. He was handling a 32 caliber revolver when in some manner it was discharged, the bullet striking his left hand and badly burning it. Hereafter he will be more careful when handling firearms.

Rainfall is Beneficial.

The heavy rainfall that came early Tuesday morning arrived just in time to be of great benefit to the growing crops. This rain was really the first warm rain that vegetation has enjoyed since the season began, and will do a world of good to the corn and potatoes, our most valuable crops, and which began to show signs of sadly needing it. The wheat and hay harvest is coming and this moisture will just about complete filling the heads, and unless we have an excess of humidity the glorious rain of last night will insure a bountiful harvest.

Bonds Awarded.

At a meeting of the board of sinking fund trustees held Monday afternoon, the Franklin National Bank was awarded six municipal bonds which were purchased some time ago by the board. Four of the bonds were

for \$1,000 each, called for department construction bonds. Two others were for the same amount and were fire equipment bonds. There were no bids for the \$1,800 Pine and Hilly street sewer bonds.

Mrs. Jarvis Seriously Ill.

The many friends of Mrs. Jarvis, 443 Central avenue, will regret to learn that she is seriously ill with stomach trouble and dropsy, and that she is not expected to recover.

PHILLIPS-MILLER.

Mr. and Mrs. L. D. Miller of Perryton, announce the marriage of their daughter, Annie, to Wendell Adelbert Phillips, son of Mr. and Mrs. Phillips of Perryton, Ohio, on July 1, 1907. The young people are at home to their friends at 224 East Gay street, Columbus, O. Mr. and Mrs. Phillips are well known young people of our section and have the congratulations of their friends.

OLD VETERAN'S DEATH.

Columbus, July 9.—Frank Miller, aged 69 years, living at 1320 Madison avenue, who gained no small fame a few years ago, because of his likeness to the late Senator Hanna, died at the family home Monday morning from Bright's disease. Mr. Miller was a piano salesman and was quite well known in Central Ohio. He was a veteran of the Civil war, serving with a Pennsylvania regiment. His widow, four daughters and two sons survive him. The funeral will be held Wednesday morning at nine o'clock from the home, with interment at Delaware.

Accept Battleship.

Washington, July 9.—The navy department finally accepted the battleship Georgia, and authorized the payment to the contractors of the reserve fund required by the contract.

RUSH ORDERS GIVEN.

Barborton, O., July 9.—The huge plant of the Stirling company here has been ordered to run night and day to fill rush orders for boilers for the United States navy. The boilers are for battleships now under construction. Engineer Gay of the navy, is here with instructions to bring to hear all possible speed in the completion of the work.

Not Very Strong.

"So pore old Bill's gone, 'as 'e? 'Ow was he killed?"

"Three ton o' cement fell on his chest."

"Ah, pore feller! 'E allus said 'e was weak there.'—Tallus.

Liberal, Indeed.

"It don't pay to remember everything you read," grumbled Sandy Pikes as he wrapped his shins around the brake-wheel.

"Speaking from experience, pard?" asked his chum of the fast freight.

"You bet, old pal. I seen an item in de paper dat salk people with big ears were always generous, so when I stopped at de wayside cottage and found de lady had large ears I told her I knew she was generous."

"Great hoboes! And did she give you anything?"

"Yep, she gave me a piece of her mind. Den she said her husband had big ears also."

"Dat's de limit. And did he give you anything?"

"Sure! He turned out to be a judge and gave me thirty days."—Chicago News.

Looking Fuller in the Face.

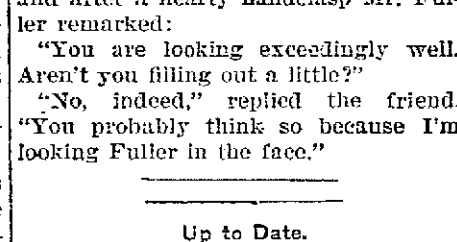

Statesmen in Washington over their black coffee and cigars are telling a little story about Chief Justice Fuller of the United States supreme court, says Judge. The chief justice, so the story runs, met an old time friend, and after a hearty handshake Mr. Fuller remarked:

"You are looking exceedingly well. Aren't you filling out a little?"

"No, indeed," replied the friend.

"You probably think so because I'm looking Fuller in the face."

Up to Date.

Father—Willie, your conduct of late has been most reprehensible. I cannot imagine where you learn such behavior.

Willie—Am I to understand, sir, that you entirely discredit the theory of heredity?—Woman's Home Companion.

His Only Say.

In a rural justice's court the defendant in a case was sentenced to serve thirty days in jail. He had known the judge from boyhood and addressed him as follows:

"Bill, old boy, you're agwine ter send me ter jail, air you?"

"That's what," replied the judge.

"I have you got anything to say ag'in it?"

"Only this here, Bill. God help you when I git out!"—News.

Girls Drown.

Taft, and the Taft leaders claim to  
have unearthed a scheme on the part  
of the few Foraker leaders who are  
charged with getting the senator to  
visit the county, using the Chautau-  
qua as an excuse to aid his political  
ends. He is to speak on the subject,  
"National Politics," and it is claimed  
that the address is to cover a wide  
latitude. The Chautauqua managers  
claim all innocence in arranging the  
date and say it was suggested to them  
that Foraker would come if invited  
and charge nothing. Now, instead  
of a drawing card, it is feared that  
Foraker's appearance will prove  
something of a drawback, because of  
the uprising among the opposition.

The anti-Foraker faction say that  
Foraker will probably be secured for  
a speech at the annual Flatwoods  
picnic, to be held in August near  
Pickrelltown, and object to two suc-  
cessive dates for the senator in this  
county. It is claimed that Foraker  
men induced the negro managers of  
the Flatwoods outing to invite For-  
aker. The Flatwoods picnic is an-  
nually attended by thousands of colored  
people from the counties of Logan,  
Champaign, Hardin and Marion.

## MAY MARRY HEIRESS

Mother Inclined to Believe Rumors  
About Former Columbus Office  
Boy Now in East.

Columbus, July 9.—If Otto H. Stie-  
ber, who five years ago was a tele-  
graph operator in Columbus, is going  
to marry Miss Emily E. Dowling, a  
rich Brooklyn heiress, as is rumored  
among his friends in Columbus, the  
least surprised person in the world  
will be his mother, Mrs. John Stieber  
of 592 Stanley avenue.

Mrs. Stieber last night said she  
would not be surprised at anything  
Otto would do what would take him  
on the high road to fortune.

Stieber was once an office boy and  
later a telegraph operator in Colum-  
bus. He went to New York and en-  
tered the employ of a brokerage  
firm. Two weeks ago he wrote home  
but said nothing about his prospec-  
tive bride. He intimated, however,  
that he would surprise his Columbus  
friends ere long.

## EQUAL TO THE OCCASION

Stanley R. Miller, who some two  
months ago, purchased the old Pat-  
rick Murphy home on Poplar avenue,  
which he is completely overhauling,  
and will soon move into, has been do-  
ing considerable work himself, and  
has worked nearly every night as late  
as 10 or 11 o'clock. Monday night  
a number of his fellow workers at  
the factory called to give him a help-  
ing hand, and to see about a dozen  
friends working like good fellows, re-  
minded one of the olden time when  
neighbors and friends so kindly as-  
sisted each other. They informed  
Stanley that this being his birthday,  
they had come to help him celebrate,  
and after some three hours' work,  
Mrs. Miller had prepared a nice  
lunch for the party, and seats were  
arranged around the carpenter's  
bench under the apple tree, and Stan-  
ley and his excellent wife made all  
happy, and it was an evening that  
will long be remembered by those  
present.

## GAVE LIFE

That the Insurance Might Save His  
Wife From Poverty and Her  
Home From Sale.

Des Moines, Iowa, July 9.—To save  
his wife from poverty because of the

sale of his property under the sher-  
iff's hammer in judgment execution,  
Hiram S. Mason, of Altoona, a promi-  
nent merchant, shot himself in the  
head, yesterday. He left a note tell-  
ing his son to apply the money from  
his policy in the Equitable of New  
York, on the judgment to save their  
mother from being driven from her  
home. The son found the note short-  
ly after his father left the house in  
the morning, and started to go to  
him, but before he reached the door  
a revolver report told him the deed  
had been committed.

Mason was 54 years old. He be-  
came involved in real estate specula-  
tions.

## "LID" LIFTED TO PLEASE BRIDE

St. Louis, July 9.—Despite the "lid"  
which has been batted down on St.  
Louis for many months beer flowed  
freely at one place Sunday with the  
consent of Excise Commissioner Mul-  
vihill. The wedding of Peter Reb  
and Catherine Federspiel at Neu-  
meyer's Hall was the one oasis  
which marked the usual "dry" Sun-  
day. The bride and groom have been  
in America but a short time and they  
wanted their wedding to be as nearly  
as possible like what it would have  
been had it taken place in Germany.  
They visited the excise commissioner  
and told him of the old German cus-  
toms and that beer is almost as nec-  
essary as a minister. Mr. Mulvihill  
consented after the couple had visit-  
ed him several times and notified  
the police to leave the merry-makers  
in peace. Three hundred guests were  
invited and all attended. A friend of  
the groom, who is in the saloon busi-  
ness gave away all the beer that  
could be disposed of.

alias Clarence Boggs, in the county  
jail as the alleged murderer of La-  
fayette Gamble, aged 32, near Louisa,  
Ky., two years ago. Although Mr.  
Cyrus said he had known Cooper since  
he was 10 years old, the latter refused  
to recognize him and claims he did not  
kill Gamble.

## PROSECUTION OF THE TRUSTS

Department of Justice Adopts a New  
and Important Plan.

### TO TRY IT IN TOBACCO CASE

Petition Will Be Filed by the Depart-  
ment in New York Within a Few  
Days — Gradual Disintegration of  
Monopoly Sought — Proceedings  
Against Telegraph Trust.

Washington, July 9. — A new and  
important plan in connection with pro-  
ceedings against the tobacco trust has  
been adopted by department of justice.  
After requesting the court to issue sub-  
poenas requiring them to appear and  
answer the allegations contained in  
the bill, and asking that the monopoly  
be declared illegal and in viola-  
tion of the Sherman anti-trust  
act, the department, in its petition,  
which probably will be filed in New  
York within a few days, will ask the  
court if in its judgment the interests  
and the facts as disclosed demand  
such action, that receivers be appoint-  
ed to take charge of the business and  
administer the same in harmony with  
the law.

Such a course, it is said, if adopted,  
would require the receiver taking  
charge of a corporation to administer  
its business with a view to the gradual  
disintegration of such monopoly, that  
is to say, such receiver in adminis-  
tering such business would from time  
to time be expected to sell and dispose  
of the different property units com-  
posing such monopoly in such a way  
as to preserve all the essential rights  
of the stockholders and at the same  
time ultimately give to the general  
public the benefit of competition be-  
tween separate and independent cor-  
porations or businesses.

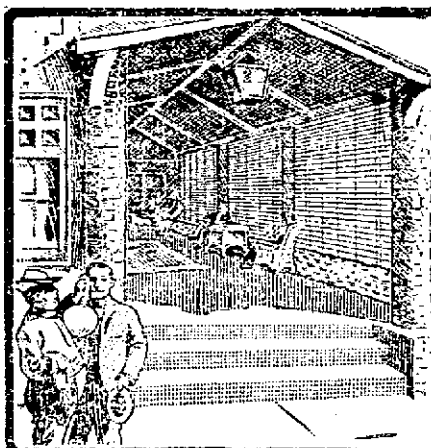

It is understood that this plan has  
never before been adopted in the pro-  
secution of trusts, but it is more than  
likely that some plan will be followed  
in dealing with the so-called powder  
trust and such other trusts if the pe-  
culiar facts in connection with each  
would justify such action.

**After Telegraph Combine.**  
New York, July 9.—Acting on a pe-  
tition filed by Attorney General W. S.  
Jackson, Justice M. W. Plazek in the  
supreme court appointed R. Burnham  
Moffatt, an attorney, to take evidence  
based upon the attorney general's al-  
legations that the Postal Telegraph  
and Cable company and the Western  
Union Telegraph company have formed  
an illegal combination to increase  
rates in New York and other states.  
Mr. Moffatt announced that the first  
hearing in the matter will be held at  
his office July 16. In his petition At-  
torney General Jackson charges that  
the alleged combine was formed in  
this city last January, and is a mo-  
nopoly in restraint of competition in  
the telegraph business.

## CONTRACTOR STRINGS LIGHTS AND WORKS A GANG IN NIGHT TIME

Practicing the tactics of the man who lighted his hen house with electricity so his hens would work nights, Contractor John White has strung electric lights in the private alley in the rear of the Carroll dry goods store and worked his gang of men all night in order to complete the sewer for which he has the contract.

Mr. White has been handicapped by the heavy flow of water from the livery stable and also from the elevator in the Carroll store. He hit upon the plan of doing the work at night and thus get in his best ticks when the elevator was not running and the stablemen were asleep and their ever-flowing carriage washer at rest. He made rapid progress Monday night and will continue his work at night until the job is done.

Rev. Herbert S. Bigelow of Cincinnati is in the city for his meeting tonight in the Court House. Mr. Bigelow will speak on the Initiative and Referendum. This meeting will be held under the auspices of a Citizens committee. The purpose is to have the public fully informed as to the initiative and referendum measure which is to be voted upon in the Ohio Legislature next winter.

Mr. Bigelow stated that he had just received from the Wisconsin legislature a copy of a bill just passed which puts the initiative and referendum into every city charter in that state. Shall this be done in Ohio? This is the question Mr. Bigelow is going to discuss. The meeting is free to all. Question and discussion are invited at the close of the address.

## ERNEST T. JOHNSON SELLS DRUG STORE

Mr. Thomas Evans, Formerly of This City is Purchaser of Popular Pharmacy.

T. J. Evans, until recently connected with the Ball-Fintz company, of this city, has just closed a deal by which he becomes the sole proprietor of the E. T. Johnson pharmacy, on the east side of the square near the postoffice. The stock has been invoiced and Mr. Johnson and Mr. Evans came to terms Tuesday and closed the deal and the store is now in Mr. Evans' possession.

The new proprietor announces that he will at once renovate the place and remodel the interior of the store. He expects to make the place a highly

Work was commenced on the concrete curb and gutter for the North Second street paving Tuesday morning. The paving will be put in within the next few weeks.

Brennan and Nutter are hard at work excavating in East Main street for the new pavings. The curbing will be put in shortly and the street will then soon be ready for the bricks.

The contractors in charge of the laying of the West Main street paving have been hauling bricks for several days. Four carloads of the paving blocks arrived Monday.

attractive pharmacy and will put his great energy and wide experience together to accomplish this end.

Mr. Evans is well and favorably known to all Newark people. He is not a stranger by any means, having been at one time the popular prescription clerk at the Frank D. Hall pharmacy. After leaving the Hall drug store he went to Cumberland, O., where he bought a drug store of his own. He was highly successful and a year and a half ago, having received a good offer for the place he sold out and since that time has been connected with the Ball-Fintz company of Newark. Mr. Evans' courteous treatment of his many customers and friends in the past will prove a big benefit to him in his new business and his many friends join the Advocate in wishing him success.

## COURT HOUSE NEWS

**Divorce and Alimony.**  
Ada Hefley has commenced suit in the Probate court against her husband, Joseph R. Hefley, for divorce and alimony, and the B. & O. railroad company is also made a party to the suit. Plaintiff says that she was married to the defendant on May 5, 1906, in Zanesville, and that no children have been born of the marriage. She charges her husband with extreme cruelty in striking her with his fist. Plaintiff says her husband has money due him from the B. & O. railroad company and that unless he is restricted from receiving the same and the railroad company is enjoined from paying the money over to him, it will be squandered by the defendant so as to prevent her from receiving any part of it. She therefore asks that the railroad company be restrained from paying the money to the defendant and that she be granted a decree of divorce and allowed alimony. Russell & Horner attorneys for the plaintiff.

**Referred to Juvenile Court.**  
Two small boys were arrested Monday night for stealing \$60 from the

cash drawer of the McDonald shoe store on Second street, Monday. The money was taken in two amounts of \$40 and \$20 each. The \$20 was taken last week. One of the boys admitted the theft and the other denied that he took the money, blaming the other lad. They were both cross questioned in the Mayor's private office and finally both admitted their guilt. As Mr. McDonald refused to file an affidavit, the matter was referred to the juvenile court for action.

## WAR TALK

**Additional Comment on the Japanese-American Situation.**

London, July 9.—The Daily Mail, in an editorial article on the Japanese-American situation, says: "War between Japan and America is almost unthinkable. We believe the intentions of the statesmen of both countries to be profoundly pacific, and that the incidents at San Francisco are not responsible for the movement of the American fleet. Japan commenced war with Russia without previous declaration, by destroying half the Russian fleet. Such a move was very effective the first time it was performed, and henceforth no nation will wait for a formal declaration of war, but will be ready to strike while there are yet no signs of a diplomatic rupture. The cautious and wise statesmen directing the American policy are not violating prudence in deciding to concentrate their forces in the region where the eye can detect the menace on the obscure horizon."

**Sound the Jap Ambassador.**  
Washington, July 9.—Viscount Aoki, the Japanese ambassador, declined to discuss the reports indicating an indefinite suspension of the negotiations for a renewal of the present treaty between Japan and the United States, if this government reserves the right to retain a clause in the compact permitting the exclusion of Japanese coolie labor. "That is a matter about which you must ask the state department officials," he said. "I can not discuss any of the features of it for publication." Ambassador Aoki's attention was called to the published statement that the battleships of Admiral Evans' fleet were to be sent to the Pacific, to which he replied: "You don't hear any word of this in Japan, but in Europe and in the United States there is plenty of talk about it."

**Not a Menace.**  
Tokyo, July 9.—Asahi publishes an interview with an influential Japanese naval expert, who says: "It would be improper to infer a demonstration in the transfer of the American fleet to the Pacific. This movement is part of a pre-arranged plan and is a result of the constant growth of the American navy and the increasing importance of Pacific interests from the strategic point of view. No significance need be attached until at least 30 ships have been transferred to the Pacific."

## 'PHONE COMPANY'S NEW BOND ISSUE

EXPECTED THAT ENTIRE ISSUE WILL BE TAKEN IN HOME MARKET.

New York Financial Paper Gives the Local Telephone Co. a Complimentary "Write Up."

The Telephone Securities Weekly, devoted to the interests of the investor and operator and published at 80 Wall street, New York, contains in the current number the following complimentary notice of the Newark Independent Telephone company:

"The Newark Telephone company, which is paying 8 per cent on its common stock, is preparing to issue \$100,000 worth of bonds. Of this amount \$25,000 will be used to retire an old issue and the remainder will be issued from time to time to defray the expenses of extensions to the plant, which is growing very rapidly. The bonds, the company has every reason to expect, will be subscribed locally in Newark, as at the present time there is very great demand for this company's securities."

"The history of the Newark company shows characteristic prosperity. The company was incorporated in the fall of 1894 for \$20,000, the capital being fully subscribed for. This was increased from time to time, until 1902, when it reached \$60,000. Dividends had been paid fairly regularly up to 1900. In 1902 the plant was entirely rebuilt, with a new and up-to-date switch board of the Sterling Electric Co.'s manufacture, and at that time the company had some 600 subscribers, with gross receipts of about \$1200 per month, and operating expenses of about \$800."

"Ever since this time the company has increased its subscription list by practically 500 telephones per year, and it now has in service about 3000 instruments, with gross receipts of approximately \$4500 per month, and operating expenses of about \$2200 per month."

"It will be noticeable that the gross receipts have not increased in proportion as the number of telephones have increased, for the reason that this company has a very small percentage more of high priced service than it previously had. Also at the time the plant was constructed under the present management, there was no party line service, while since that time the four party line, both residence and business service, has been inaugurated."

"This company is now paying 6 per cent on its bonds, 6 per cent on its preferred stock, 8 per cent on its common stock, and putting aside a surplus of \$12,000 per year. The present capitalization is \$60,000 common stock, \$90,000 preferred, and \$25,000 in bonds, making a total paid in capitalization of \$175,000, or about \$60 per telephone. The operating expenses are only about 48 per cent of the gross receipts."

"When the preferred stock of this company was first issued, some three years ago, it was found somewhat difficult to place it. The reason, presumably, for this condition of affairs lay in the fact that these securities had no value in the eyes of the public."

It made little difference what the property was really worth, if a man could not find a purchaser for his stock. Therefore the management deemed it advisable to create a market for the stock, even though this market would not represent the real value of the securities. With that end in view, the company's securities were listed on the Columbus Stock Exchange, and have gradually increased in value until at the present time the common stock is quoted at 115, the preferred stock at 105, and steadily rising in value.

"There have been a number of sales made in Newark, locally, on both these classes of securities, at these figures, and there is no reason to doubt that the preferred stock will eventually reach 109 or 110, and the common stock 130."

"Only six years ago it was hard work to sell this common stock at 50 and now it is hard work to buy it at 115."

## SUCCESSFUL

Has Been the Business of the Hanover Red Pressed Brick Company.

In the campaign for stock subscription for the Hanover Red Pressed Brick Company, the promoters are meeting with great success in raising the funds to increase and reorganize the plant at Hanover, O.

This business has been run very successfully since Mr. C. C. Forry has been at the helm, and so much more business has been offered, that with the present equipment it can not be taken care of. The money raised will be devoted to enlarging the plant so that the demand for the product can be supplied promptly.

The enterprise is essentially a Newark one, for the stock is largely already held here, and inside of three days after the pay day of the plant,

the bulk of the money is spent in Newark.

Mr. C. C. Forry at Newark and Mr. C. H. Forry the manager at Hanover, have charge of the stock books and will gladly explain the plan of the reorganization to those who may be interested.

## PRISONERS ENGAGE IN BATTLE AT PEN

Columbus, O., July 9.—As a result of a fracas at the penitentiary Monday morning, Charles Harrison, a 5 year man from Jackson county, is at present nursing a very sore head and Jacob Bolles, serving 15 years from Scioto county, is taking care of a swollen jaw.

While being marched to the bolt shop the two men became engaged in an altercation. Harrison struck Bolles on the jaw, and the latter, picking up a hammer, struck Harrison on the head, felling him to the ground.

## DISCRIMINATING LADIES.

Enjoy Using Herpelide on Account of Its Distinctiveness.

The ladies who have used Newbrow's Herpelide speak of it in the highest terms, for its quick effect in cleansing the scalp of dandruff and also for its excellence as a general hair-dressing. It makes the scalp feel fresh and it always that itching which dandruff will cause. Newbrow's Herpelide effectively cures dandruff, as it destroys the germ that causes it. The same germ causes hair to fall out, and the same germ causes the Herpelide stops falling hair and prevents baldness. It is also an ideal hair dressing, for it lends an aristocratic charm to the hair that is quite distinctive. Sold by leading druggists. (Fred H. Sypher.)  
Youngstown, O., July 9.  
If Al McClintock hadn't heaved the ball away wide of Jack McAleese in the sixth with two Molders on the sacks, a crushing beating would have been handed the front row crew at Willis Park Monday. The bony bob, third baseman's ferocious fling reduced the wallop to decisive. The score was 6 to 4. Until the sixth Baron Schettler had the down states, flunsel and hitless. McClintock started things, but the Champs were then five runs to the good.

Cap Starr started with a home run, a drive far over the head of Doc Abbott in right. The little right fielder faced about and pedaled with all his might but Cap had home easily before the ball was winged in. Louie Schettler was on ahead of the right bower. The four bagger broke up the game. Louie came in just ahead of Cap. It was the first real, truly home run for a Champ at Willis park, and the second earned quadruple of the season. Ed Hilley made a four bagger early in the year by a ball being lost under the fence, and Tim Callahan pasted one of Sammy Smith's floaters in the same direction as Starr's four bags when Akron was here.

Lefty Snyder, left fielder of the Molders, worked on the heaving hull. Lefty in days gone by, was a regular slapper and a good one he was. He pitched prettily ball, having speed, curves, dandy curves, and control, but the hit hungry Champs were not to be denied. With the game stowed away Youngstown ceased.

Manager Wright shifted the batting order, Cap Starr leading off, while Curley Blount came second. Jack McAleese batted third and Mike Lawrence was pulled up from below the catcher. The change worked beautifully. Cap Starr opened with a single, Blount made a perfect sacrifice and McAleese sent a sizzler between Smiling Sam Haval and the second sack on which Cap galloped in with time to loaf.

Schettler started another run getting bee in the third. The Baron singled. Cap Starr followed with his four bagger. Blount singled and on a peg from Bunny Pearce to second with no one there, Iorworth raced to third. McAleese was hit. On a long fly to Abbott, Blount came in. Mr. Latham helped Snyder retine fielder Bill Thomas. Fielder Bill went away from the plate a la Sam Haval. Mike Lawrence moved away for the fifth score in the fourth by a triple to left. Pap straightened out over Smith's head in the left, the ball rolling almost to the fence. Redman singled and Can ambled in. The latter made the first rally in the sixth. Red singled and Louie doubled. Schettler showed his speed in the

## SAM HAVAL LEADS REGULARS IN HITTING—ALSO STEALS BASES

Newark has five players on the team regularly who are batting better than .500. Probably there are more than that but this is according to the averages printed in the Cleveland papers.

Sam Haval is the leader of the whole bunch of league regulars. He is batting .733. Outfielder Tate of Marion leads him but has been out of the game several weeks on account of injuries received while sliding home.

Doc Abbott is climbing steadily and Whitten, Snyder and Schweitzer are all improving. These men were down in the list early in the season but latest reports show that they are climbing steadily.

Haval is also well up as a base runner, having stolen 17 bases.

sixth, which he opened by passing Haval. Settling down then he breezed the next three batters, Gygil, Pearce and Smith. Louie had fine speed and outguttered his work was nigh faultless. McClintock's bad throw unnerived him for a hit, but he soon got down to work. Bad bounds were responsible for three rolling drives off the Baron. One bounded badly just before it reached Starr and two caromed away from Dick Breen. All three figured in the run getting. The old kind of luck was with the Champs on three pokes. One of them became a single, Pap Lawrence covering poorly in right garden Blount recovered the ball. Gygil made the drive. He sent Schweitzer in and scored himself on a single by Pearce. It happened in the eighth.

Every Champ was on the job again and determined to head off Berryhill's band. It might have been suspected that Manager Sam gave his men tobacco sauce before the fray, for the team was never more gingery. McClintock spoiled it being a perfect game, but Mac didn't fall down not trying.

Dick Breen was the infield star. He made a great catch of a Texas leaguer in the eighth that staved off Al Schweitzer scoring. Dick robbed Lefty Snyder of a single in the ninth by a wonderful stop and throw. The stop was one of those kind that just makes everybody get up. Blount made two pretty catches, one that saved a score.

Newark didn't play bad ball by any means. Lefty couldn't fool and the Champs were hitting. Score:

## "MY KINGDOM FOR A PITCHER" SAYS MGR. BERRYHILL

NEWARK CLUB WOULD MORTGAGE COURT HOUSE FOR A GOOD TWIRLER.

The Pitching of Lefty Snyder Was Absolutely Necessary—Pitching Staff in Bad Shape.

The Newark management is scouring the country high and low for another pitcher to help out of the present difficulty. Many of the local fans do not yet understand the situation, and were rather inclined to criticize the management for pitching Lefty Snyder in yesterday's game with the Champs.

Lefty was the only man on the team who was in condition to work, and it would have been unwise to put him in yesterday after that 12 inning game at Youngstown Saturday.

Stump and Locke are still out of condition. Stump has a sore arm and Locke a twisted knee. Linke will probably work today and Asher tomorrow. Who will work in the next game is not known. It is also barely probable that Asher may have to lay off longer.

Some of the fans have suggested the leasing of Pitcher Webb. It is hardly probable that he could work any better now with Newark than before he was sold to Marion.

It is simply up to the local fans to be charitable until the pitching staff comes to and the hard luck man takes a chase from the Molders' camp.

Rumors were floating about Tuesday that Newark was to get a pitcher from Cleveland of the American league club, and Chicago of the same league. It would not be surprising if such was the case as the club is in desperate straits just now and will do most anything to get a man to help out in this pinch.

Manager East has two catchers who are new on the team. He got Jack Mackey who has been catching for Wadsworth of the Northern Ohio league and another catcher named King who has been playing independent ball in the East. He is a college man.

## TRAGIC ENDING TO A BALL GAME

Cambridge, July 9.—A seven year old feud had a tragical culmination in what may result in the murder of Eli Bates, aged 34, at Sarahsville Saturday afternoon by William Camden. The men were sworn enemies it is said and neither could come into each other's presence without not blood beginning to boil. Camden, so many neighbors say, had threatened on several occasions that he would kill Bates, and the probability now is that his alleged threat has been carried out.

A game of ball between Sarahsville and Stoughton was on at the former place and Bates was continually interfering, so Camden thought Camden was Sarahsville's slab artist, but Bates's side line work was too much for him, so grabbing a bat he brought it down on Bates' head with a terrific blow using a full swing of both arms, smashing the skull so that a fracture from the left eye to the back of the head, and a smaller one crosswise was found. Camden started to strike again in Mexico.

The smallest dog in the world is bred in Mexico.

so those who caught the two men say, and also attempted to kick him, so terrible was his anger, but two men intervened.  
Just after the mixup, Camden was arrested and arraigned before Mayor Petty of Sarahsville where he was released under \$3,000 bond.

## ATTEMPT MADE TO BLOW UP HOME OF MAGNATE

Chicago, July 9.—An attempt was made to blow up the home of John Condon, the race track magnate and leader in the recent fight between the Western Jockey Club and the American Turf association. Either dynamite or some other powerful explosive was used by the person or persons who sought to harm the owner of the place and his family. As a result of the explosion a hole seven feet in diameter was made in the building, several windows in the house were shattered, costly bric-a-brac and three large oil paintings were badly damaged. None of the occupants suffered any injury.

## DRASTIC ACTION

Taken by the Government to Knock Out Floating Pool Room on Lake Michigan.

Washington, July 9.—Drastic action was taken by the government against the steamer City of Traverse, whose operations on Lake Michigan have attracted national attention. Orders were issued by Acting Secretary Murray of the department of commerce and labor for the revocation of the vessel's sailing license and the cancellation of her passenger certificate. In complaints which have reached the department from citizens, from the authorities of the city of Chicago and from the officials of the state of Illinois, the steamer City of Traverse was branded as a gambling den and a floating poolroom.

## ATHLETE WITH A BRAIN STORM

Tried to Reach Roosevelt to Talk Over a Plan to Demolish the Japanese Fleet.

Oyster Bay, N. J., July 9.—An effort on the part of a young man of powerful physique to interview President Roosevelt yesterday was frustrated by the secret service guard maintained at Sagamore Hill. The caller, whose name has been withheld but who is a member of a well known and respectable New Jersey family, has evidently lost his mental equilibrium through enthusiasm regarding the merits of a submarine boat he claims to have perfected, and which he thought President Roosevelt ought to know about without the slightest delay in view of the proposed plan to send the battleship fleet to the Pacific.

He came to Oyster Bay in a touring car, hired in New Jersey for the trip, and in charge of two machinists. The automobile had not climbed half way up Sagamore Hill when it was halted by one of the secret service men, who induced the inventor to turn about and remain in the village. After an interview with Secretary Loeb at the executive office the visitor returned to his home, where, it is understood, he will be cared for.

## WAS NO "BURGLAR" BUT WELL KNOWN

Residents of East Church street and East Locust street and the intervening territory, were thrown into a frenzy of excitement Monday at 10:45 p. m. when several revolver shots rang out on the night air and two uniformed policemen were seen firing at the fleeing form of a man who was doing all in his power to get out of that territory.

The story has leaked out, though every effort was made to keep the matter quiet. It seems that a well known young married man had gone home at a late hour only to find that he was locked out and his house as dark as a pocket.

He knew that the conditions should not be such, and he feared that "burglars" had been in and ransacked the place. He at once sought the aid of the police, and it was then advent at the home that precipitated all the excitement.

Just as the officers in company with the husband, neared the house a man was seen to leave the place and vanish in the darkness. Not knowing any of the circumstances, the officers and the man gave chase. The fleeing man was followed by several bullets which came uncomfortably close to his body.

The fugitive hastily pulled up behind a friendly elm tree and waited for the cops. When they came up they were surprised at not finding a burglar, but a well known man. A short conference was held between the alleged "burglar" and the policemen, when he was finally allowed to go without being placed under arrest. Now the gossip in the neighborhood is busy with a dainty morsel which is being handed around lavishly.

## WHAT DID KATY DO?

By Byron Williams.

Katydid, Katydid,  
What did Katy do?  
Every night now for a week  
I have listened to your twain:  
"Katydid! Katydid! Katydid!"  
Pray, what did Katy do?

Katydid, Katydid,  
Are you sure she did?  
May be Katy did not do  
What you are alluding to!  
"Katydid! Katydid! Katydid!"  
Please, what did Katy do?

## LICKING.

Several of our community were at Buckeye Lake on the Fourth, among them being Mr. and Mrs. James Ford and son, Miss Lulu Taylor, Mr. and Mrs. John Black and son, and Miss Lena McCall, Miss Gertie Black, Tamzen Black and Viva Orr. A good time is reported. They took their supper at the cottage of D. M. Black.

Rev. Mr. Evans, occupied the pulpit at this place Sunday morning. He is expected here this week with his family and will occupy the parsonage.

Rev. Mr. McCall and wife left Saturday for their home in Caldwell. The best wishes of the community in general go with them in their new labors. They left many warm friends in this neighborhood and it is with regret we had to give them up. But what is Licking's loss is Caldwell's gain.

The farmers are getting ready to harvest their wheat which seems to be a promising crop.

Mrs. John Larimore and daughter Jessie of Granville, were calling on friends here last week.

Mr. C. E. Perry and children were

guests of Mr. John Black and family Saturday.

Miss Tamzen Black of Newark spent Sunday at the home of their parents, Mr. and Mrs. John Black.

We hope to see as many of the members as possible at the services next Sunday morning.

Richard Black and Miss McCall spent Sunday evening with Lulu Taylor. Miss McCall left for her home in Caldwell Monday noon.

Mrs. Fred Larimore of Port Washington, is visiting her parents. She will remain about two weeks.

Mr. Arthur Brown who has been in Boston the past two years spent Sunday at home. He is traveling for the Cleveland school.

Mother and Son Mangled.  
Galveston, Tex., July 9.—Mrs. Louis Hebert and little son, of Beaumont, were killed by a train here. They jumped from an automobile trying to escape the cars, but were caught beneath the wheels. The automobile was not injured.

As near as can be ascertained, the unappropriated and unreserved public lands of this country amounts to 792,238,707 acres.

## GOVERNORS OF OHIO

WILLIAM DENNISON—1860-1862.

William Dennison was elected governor of Ohio by the Republicans in 1860, thus becoming one of Ohio's three war governors. In 1848 he was also elected to the Ohio senate by the Whig party. He was a delegate to the convention which inaugurated the Republican party and actively supported John C. Fremont for the presidency. He was chairman of the Republican convention that renominated Abraham Lincoln, who appointed him postmaster general. He was an earnest friend of Senator John Sherman and worked for his nomination in the national Republican convention of 1880. Governor Dennison died at his home in Columbus June 15, 1882. Dennison college, at Granville, O., was heavily endowed by him.

## DEATHS AND FUNERALS

## MRS. JAMES LARIMORE.

Mrs. Larimore, relict of the late Dr. James Larimore, died Tuesday morning at Pittsburg, at the home of her son, James A. Larimore.

Mrs. Larimore had been ill a long time and was aged about 62 years. She had lived here all the years of her long and useful life, and leaves one son, James, of Pittsburg, two brothers, Benjamin Brady of Newark and H. C. Brady of Cleveland. Corey Brady, recently deceased, and who was Newark's city clerk, was her brother.

Mrs. Larimore was a member of the Second Presbyterian church, and Rev. Mr. Cosgrove will officiate at the funeral, which will take place Thursday at 2:30 p. m. from the church, interment at Cedar Hill.

## MRS. ANN BORING.

Mrs. Ann M. Boring, aged 80 years, died Tuesday morning at 2 o'clock at her residence, eight miles south of Newark. She had been ill six weeks, being afflicted with dropsy.

Mrs. Boring leaves three children, Eli Boring, Mrs. Amanda Millstead, who live at the Boring homestead, and Louis P. Boring of this city.

The funeral party will leave the late home of the deceased at 10 o'clock on Thursday morning and the services will be held in the Fairmount church and the body will be buried in the church yard adjoining.

## MRS. STICKLE'S FUNERAL.

The funeral of Mrs. Mary Stickle, who died on Sunday afternoon at 2:30 o'clock, took place on Tuesday at 10 o'clock a. m., the services being conducted by the Rev. Mr. Thompson at the Fourth street Church of Christ, and the interment was made in the Cedar Hill cemetery.

## MRS. STIR'S DEATH.

Dr. Florence Stir Smith, wife of Dr. G. W. Smith of West Church st., was called to Waverly, O., Monday morning, by a message announcing the sudden death of her mother, Mrs. Stir. Mrs. Stir had been seriously ill from acute pneumonia but was improving. A letter dated Saturday was received by Dr. G. W. Smith, saying that the patient was improving, but the epistle arrived several hours after the message announcing her death.

## FOR FRISCO

Labor Commissioner Neill and Telegraphers Leave Chicago.

Chicago, July 9.—Charles P. Neill, United States commissioner of labor, and three members of the executive board of the Commercial Telegraphers' union left here for San Francisco. The decision to make the Pacific coast trip was reached at a meeting of the commissioner and the members of the executive board. Secret advice from the coast are said to have caused the hasty action. General Secretary Wesley Russell will remain in Chicago and use his best efforts to keep the local union from committing any act that might be construed as hostile to a final settlement.

## Evicted Tenants Bill.

London, July 9.—The house of commons passed the evicted tenants bill to a second reading by 315 votes to 98. This bill was introduced by Chief Secretary for Ireland Birrell June 27, when he drew a gloomy picture of conditions in the west of Ireland.

## Each Pulled Gun.

Knoxville, Tenn., July 9.—Edward Macklin, 25, was shot and instantly killed by Edward McNeal, while the former was in company with the latter's wife. The tragedy occurred on what is known as Luttrill's bluff, south of the Tennessee river. Macklin and McNeal saw each other about the same time and each pulled his pistol. McNeal fired first, however, killing Macklin. McNeal surrendered. Macklin was a barber, while McNeal is a saloon keeper.

Nathaniel Noyes Dummer, president of the Glenn Mills company of Rowley, Mass., is dead of paralysis. He was widely known as a pioneer in the manufacture of breakfast food.

## NEW ATTORNEY-AT-LAW

Mr. J. C. Marriott, who was born and raised in Eden township, has just opened a law office in Newark on the northwest corner of West Main street over the City Drug Store. Mr. Marriott lived with his parents, Mr. and Mrs. G. O. Marriott, on the farm until his graduation from the high school at Martinsburg, O., at which graduation he delivered the valedictory oration.

Mr. Marriott was then employed as teacher in one of the rural schools of Knox county which he taught for two years, and he was earnestly solicited by the board of education to remain with them a third year at a materially increased salary but being desirous of a higher and broader education he had determined to enter Hiram college, O. Accordingly the fall of 1899 found him a freshman in that institution, at which he spent four years, graduating with high honor in the spring of 1903, having completed the regular classical

MR. J. C. MARRIOTT.

course. During the sophomore, junior and senior years of his collegiate career he was chosen, because of his ability, thoroughness and character, assistant teacher in mathematics and history.

Having determined to take up the practice of law as his life work he entered the law firm of Marriott, Freshwater & Wickham of Delaware, Ohio, as a student, the senior member of which firm being a relative of his. Their large and voluminous library afforded him a great opportunity of mastering the subject of the law.

In addition to his work as a law student he was employed during his first year in Delaware in the Ohio Wesleyan University as assistant teacher in history. The next year he was elected principal of Bollopoint High school and superintendent of the schools of Concord township, Delaware county, Ohio. Also in the spring of 1906 he was appointed by the Probate Judge as school examiner of Delaware county.

At the December bar examination of 1906 he was admitted to the bar and having completed his school year's work tendered his resignation of the above named positions, came to old Licking, his native county, for the purpose of practicing law.

His ability, his thoroughness, his character and his inspiring personality are known to all with whom he has come in contact. We believe that he will rapidly move toward the front in his chosen profession, impelled wholly by his own force and recognized merit.

## EIGHT HUNDRED OFFERS OF MARRIAGE

A Brooklyn harness-maker who earned \$4 a day, advertised the fact and asked for offers of marriage, received 800 in three weeks.

Making all allowance for certain phases of the replies to any marriage advertisement, this flood following an advertisement so worded that it was plainly a bona fide offer, is a proof of what everybody knows, that most women prefer any suitable marriage to any employment. Some do not, but most do.

If there were in Brooklyn in 1906 36,000 unmarried women over 19 years of age, the response to this one advertisement of a little less than one in a hundred of these unmarried women, shows pretty plainly that the lack of marriage is not due to women. If there were in this city 1,000 unmarried women over 19 years of age in 1906, and today about 10,000, it is because men have stopped marrying, not because women refuse marriage.

A century ago there were fewer unmarried women, because in a small western town today, a man can secure the ordinary daily comforts of care, food and shelter only by marrying a woman and supporting her in a home. As hotels and boarding houses multiply and women are less needed by men for this purpose, two things follow: more women work for wages and more men marry.

As the wages women use and a larger number are able to do more of women work, so something to support a family, men will increase and marriages multiply in which both parties are a marriage more common to than most know.

Families will be small. So they are now.

Each person in the United States uses 10 matches every day.

## Runyan Indicted.

New York, July 9.—Chester B. Runyan, the defaulting teller of the Windy Trust company was indicted by the grand jury on a charge of grand larceny. The case of Mrs. Laura Carter, in whose apartments Runyan was arrested and to whom he says he gave \$15,000, has not yet been considered by the grand jury. Mary Duncan, Mrs. Carter's colored maid, who was arrested at the time Runyan was found, was arraigned and discharged. Detectives acting under search warrants opened two boxes in safe deposit vaults held in the name of Mrs. Carter. In one was found a small insurance policy, the other was empty.

## Farmer Captured.

McCloud, Okla., July 9.—Joseph Brawley, a farmer living near here, who as the result of a family feud last Saturday attempted to kill the entire family of T. R. Tonia, also a farmer, and succeeded in killing Charles Smith, a farm laborer, and fatally wounding Miss Inez Tonia, was captured 100 yards from the place where he waited his victims. Brawley had been shot several times by the posse of pursuers and was exhausted from loss of blood. He was returning to his home when found by the officers.

Governor Beckham named R. H. Blain of Louisville to be city judge of that city, in place of the judge who was removed by decision of the Kentucky court of appeals.

## EXCITING RUNAWAY

An exciting runaway occurred on Hudson avenue about 3 o'clock Monday afternoon. Mr. McCartney, who is painting at Roe Emerson's residence, hitched his horse in front of 110 Hudson avenue. The animal is not well broken and Mr. McCartney was handling it for another man to get city broke.

A large automobile came along and observers said that the driver crowded so close to the hitched horse that it looked as if the machine would run into the rig. The horse not used to being in such close quarters, broke away and ran to St. Clair street, where he fell in attempting to make the turn westward, but got up minus the wagon, turned south and was caught close to Louisa street.

Some considerable damage was done and while the autos have their lights, it certainly seemed to those who saw the affair that the driver of the machine was careless in approaching too close to the animal.

The sooner the laws and rules for the highways are enforced the better it will be for those who are exposed to the likely results from such accidents.

## POLICE SEARCH FOR P. L. ANDREWS COLUMBUS BROKER

WHEN COURT GIVES JUDGMENT  
AGAINST HIM HE SKIPS  
THE TOWN.

It is Thought That He May be in  
Canada—Suit Was Brought in  
Toledo.

Columbus, July 9.—Peter L. Andrews, a loan broker with offices on the third floor of the Madison building, is being searched for by the police of Toledo, on an order for his arrest issued under civil process. A judgment for \$15,000 in favor of the estate of the late George B. Boone, who was in business with Andrews, has been issued against the missing man by a Toledo court, but before the papers could be served upon him, Andrews collected what money he could from his creditors in Toledo and slipped quietly out of the city last Saturday night. It is believed that he and his wife are in Michigan, somewhere near Toledo.

Andrews is engaged in what is known as the "salary and loan" business—that is, he advances money to salaried men who give him notes as security. His Columbus office in the Brunson building, is one of four which he operates, the others being in Toledo, Buffalo, and Detroit. The local office is a branch of the Toledo office. His clientele here is a large one, made up of about 200 railway employees. His clerical work is done by a force of three young women and while he is gone the principal transactions are carried on by a Miss Brown, his chief clerk.

He has had the Brunson building offices for about two years and is said to be one of the most prosperous loan brokers in Columbus. He is seldom in Columbus longer than two or three days, generally dropping into town to look after affairs about once a fortnight.

None of his clerks could be reached on Monday evening, but at the Brunson building it was said that he had not been here for over a week.

The cause of the trouble in Toledo is an alleged partnership between Andrews and Boone. When Mr. Boone died his relatives began a going-over of his estate. They claimed several thousand dollars as being the amount due the estate. The common pleas court decided against Boone, but two weeks ago the circuit court gave judgment to the Boone estate for \$15,000, holding that a partnership had existed between the two men and that the dead man's relatives were deserving of an accounting.

Andrews was present throughout the hearing of the case in circuit court and was seen on the day of the appointment of Assistant Prosecutor Ben W. Johnson as receiver, which was last Tuesday. Since then he has not been seen, and neither the officers of the court nor representatives of the Boone estate have been able to find him.

Immediately upon assuming charge of Andrews' assets, Receiver Johnson began to collect what property was in sight. In anticipation of the man's flight, Judge Barber of the circuit court filed an affidavit for his arrest and placed it in the hands of the sheriff.

Some believe that Andrews is in Buffalo, where his branch office is doing a big business. He lives on Grand avenue, Toledo. He is safe from arrest in Buffalo upon the proceedings of the Toledo court, as he cannot be extradited under the civil process. But similar proceedings will be instituted against him in Buffalo if he remains in that city.

## CONTEMPT CASE

Grace Whyde of Irville, Ignores the  
Order Issued by Judge Johnson  
in Divorce Case.

Grace Whyde of Irville, was brought before Judge Johnson Monday afternoon on a citation to show why she should not be held in contempt of court for failing to comply with an order issued by Judge Johnson on April 26 when the court issued a decree of divorce between Fred Whyde and the defendant.

The woman was ordered to give the husband a custody of their two minor children, a son three years of age and a daughter aged five years. The son was given to the father but the mother kept the girl.

In answer to the charge of contempt Mrs. Whyde said she had not given her daughter to her former husband because he is not the father of the child. She claims that the little one is the daughter of John Watson, formerly of this city, but now of Columbus. At a late hour the case had not been disposed of by the court.—Zanesville Courier.

## AS INVALID

AN ACTION IS BROUGHT TO DE-  
CLARE THE EAST LIVER-  
POOL ELECTION.

When Town Was Voted "Dry"—Ex-  
penses For Militia to go to  
Canton.

East Liverpool, O., July 9.—Testimony in the case of A. E. Webber against the city of East Liverpool was heard in the court of Probate Judge J. A. Martin at Lisbon. The action is brought to set aside as invalid the local option election of June 22, when East Liverpool voted "dry" by 222 majority. The main point at issue is the petition that was filed for the election, upon which the date was changed after the filing. Affidavits of a majority of the signers were presented to court asserting that they consented to the change.

## Militia at Canton.

Columbus, O., July 9.—The state emergency board decided to authorize an expenditure of \$10,000 to defray the expenses of the Ohio National Guard attending the dedication of the McKinley monument at Canton next September. An appropriation of \$50,000 was asked to permit the attendance of the entire guard of the state. The amount appropriated will permit the sending of three or four regiments to Canton providing the members of the guard waive salary allowance.

## Was Despondent.

Cleveland, O., July 9.—Despondent because her husband refused to become reconciled to her, Mrs. Bertha Clark, 36, swallowed carbolic acid and died in terrible agony. A year ago, Clark and his wife separated. Twice, since, they became reconciled but each time they parted. A few days ago Clark refused to take his wife back the third time and she became convinced that further reconciliation was impossible.

## Bold Robbery.

Lima, O., July 9.—Professionals are charged with the bold robbery of the K. A. Hills jewelry store here. The outer doors of the vaults were blown out, but the burglars were frustrated before reaching the strong box. They secured between eighteen hundred and two thousand dollars' worth of small goods and diamonds and left no trace.

## Fearful Arrest.

Toledo, O., July 9.—Desperate over remorse and fear of arrest, Raymond Hanson, alias R. L. Henderson, made a second and successful attempt to die by taking carbolic acid. Hanson, who until recently was an employee of the National Supply company, was charged with passing two worthless checks for small amounts.

## Deaths at Cincinnati.

Cincinnati, O., July 9.—A heat wave that promises to continue has prevailed for the last three days, and three deaths have resulted. The dead: John Bergman, 40; Perry Davis, 40, and John Mulligan, 35. Abe Davis, 40, colored, is now at the city hospital in precarious condition from heat stroke.

## Fight at Ball Game.

Caldwell, O., July 9.—During a game of baseball at Sarahsville, east of here, a fight occurred between William Camden, a young unmarried man, and Eli Bates, married, in which the former struck the latter a terrific blow across the head with a baseball bat, inflicting a fatal wound.

## Ate Chicken at Picnic.

Steubenville, O., July 9.—Twenty residents of New Alexandria, near here, were made violently ill by eating pressed chicken at a picnic of the Methodist Episcopal church ladies' missionary society. All are under medical treatment. Several cases are serious.

## Failed to Notice Train.

Van Wert, O., July 9.—Caleb Townsend, 48, a wealthy farmer of Zulu, was killed on a streetcar crossing of the Pennsylvania railroad in Convoxy. He was running to catch a traction car and failed to notice an eastbound limited train.

## Cut Corn; Dead.

Alliance, O., July 9.—Henry Heer, seventy-two, retired iron manufacturer, died from necrosis. Blood poison followed the paring of a corn, and the foot was amputated. He grew worse and doctors amputated his leg as a last resort. He did not rally.

## McLean Still a Captive.

Tangier, July 9.—Reports received here from Fez say the Moroccan authorities offer to do everything possible to secure the release of General Sir Harry MacLean, commander of the sultan's bodyguard, who was recently captured by Raisuli, the bandit chief, but they are anxious to avoid a British naval demonstration, lest it render the prisoner's position more perilous. It is rumored that Raisuli, fearing the religious influence of the Cheriff Ousezzan, who has been delegated to obtain the freedom of General MacLean, has retired further into the mountains with his prisoner. The French and British legations are acting in concert in the efforts to obtain General MacLean's release.
